Box III TEXT OF THE ABSTRACT (Continuation of Item 5 of the first sheet)

Methods and apparatus to present survey information (107) are disclosed. In particular, the methods and apparatus present survey information (107) based on media compositions (306) and associated metadata information (304). The methods and apparatus are used to identify metadata (304) associated with a media composition (306) and generate a trigger compilation (405) based on survey information (107) and the metadata (304). An inband survey (308) is generated by multiplexing (406) the trigger compilation (405) and the media composition (306).
